Register me for:

March 26 & 27: Green Building for Building Professionals.

This course will teach you how to apply the ANSI-approved National Green Building Standard™ in the construction of a new home, remodel, site development or multifamily project. With a focus on flexibility and a sound knowledge base, the course provides the tools for a successful green project.

Cost to attend: Members: \$375; Non-members: \$475.

March 28: Business Management for Building Professionals.

This course provides you with a foundation in best business practices. These methods are employed by industry leaders, and they are equally valuable to smaller businesses. Topics include planning, organizing, staffing/directing, and controlling. **Cost to attend: Members: \$200; Non-members: \$250.**

The Future of Residential Construction is Green

The Certified Green Professional (CGP)™ an exclusive designation offered by the National Association of Home Builders, is designed to teach building industry professionals strategies for incorporating green building principles into homes using cost-effective and affordable options.
